A First-Class Blank Book

Manufacturer says:

"When a customer gives us an order for a Blank Book the first time, leaving details of stock, etc., to our judgment, specifying only that it must be first-class in every respect, we always use

Scotch Linen Ledger

Fifty years' experience in Blank Book manufacturing, Ruling, Binding, etc., is pretty good evidence that we use it because nothing better can be bought."

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyer's Guide on earth. A modern up-to-date method of getting what you want.

Male Stenographers

STENOGRAPHY is a splendid stepping stone to a higher position. Your position as stenographer and confidential secretary gives the opportunity to become familiar with the details of the business, and if you are wide-awake you can see that the men who SELL the goods of the factory or firm you work for, are the ones who get the most money for their services. It is a fact that the demand for good salesmen is greater than the supply.

¶ Business men prefer to send out on the road the employee who has worked up in the business and knows the details of the office and the factory; but in order for that man to "make good" as a salesman he should supplement his knowledge of the details of that business with a knowledge also of the Science of Salesmanship and Business Building.

¶ You can prepare for promotion and a larger salary right now while in your present position, by taking up the Sheldon Course during your spare time. Yes, you can find the time for it if you really want to. "Where there's a will there's a way." "It is not lack of time, but lack of will to improve time, which keeps men from success." Some of the busiest men in this country, and also in foreign countries, are studying the Sheldon Course, and profiting by it in hundreds of dollars increase in annual income.

¶ It will pay you to investigate this proposition right now Let us tell you of the men in Atlanta who are studying this Science of Business Building, and show you the results experienced by our graduates. Come to-day, or write us promptly.
